

Remit - Apprenticeships and Training

[Back to results](#)

Remit Training deliver structured Apprenticeship programmes in the Motor, IT, Business, Hospitality and Health and Social Care industries across the UK.

Established in 1996, Remit Training is an Ofsted Grade 2 provider and was recognised for Outstanding Leadership and Management in December 2014.

Our Apprenticeship programmes are predominantly funded by the Government through the Skills Funding Agency, Skills Development Scotland and the Welsh Assembly Government.

Remit Training is committed to being the learner focused training provider of choice and Apprentice Development Coaches are dedicated to developing the skills of learners and provide real career opportunities for young people and adults.

The team are passionate about developing employer advocacy of apprenticeship training and work closely with a number of employers, schools and colleges to deliver effective and innovative apprenticeship programmes.

Remit work closely with industry bodies and employers to ensure training is relevant, effective and provides a high return on investment. At the forefront of apprenticeship training for the Motor industry, Remit offers an enhanced and cost-effective model, guaranteeing to save businesses time and money.

Training delivery is tailored to suit the needs of every learner and the employer, where possible, and includes;

- On-the-job supported study
- E-learning
- Distance learning and self-study
- Classroom sessions
- Off-the-job training
- Block training

The company has maintained strong relationships with the Skills Funding Agency and National Apprenticeship Service and is a registered member of the Association of Employment and Learning Providers as well as being active on a number of consortiums and industry bodies, including the Institute of the Motor Industry.
