Worried about a child? Call Slough Children's Services Trust on 01753 875362.

Slough Children's Services Trust is a new, independent not-for-profit company that provides social care and support services to children, young people and families.

We have a very clear goal to protect children and young people from harm and improve the quality of care they receive.

Our work will be guided by four core principles:

- hearing the voice of the child in everything we do
- children thrive when supported by their families and communities
- building on the strengths of children and families promotes resilience and effects lasting change
- safeguarding is a shared responsibility, requiring partnership and collaboration across communities

We will use these core principles to guide the joint development of our organisation's fundamental values and behaviours that will underpin excellent social work practice.
