

MAD Academy

[Back to results](#)

MAD Academy has been operating since 2004. The inspiration came from a desire to offer music and dance in a free spirited way to suit all children. MAD is different from others, its program is designed from the EYFS so has educational benefits supporting the children's learning while encouraging them to let loose and wiggle and giggle the energy out, through dance, singing and games. All classes are high energy fun from beginning to end, as are our MAD Parties and events.

MAD Academy offers classes for 3 age groups:

- Babies
- Walkers to two
- Two to fours
