

Mencap

[Back to results](#)

We want a world where people with a learning disability are valued equally, listened to and included. Everything we do is about making this world a reality.

The services we provide range from round-the-clock care to helping someone join in with local leisure activities, providing advice and information on things like employment and education, helping someone to live independently for the first time, and even things like reporting a crime to the police.

In a nutshell, we try to help in any area of a person's life where they need support.
