Living with sight loss can be challenging. But we believe everyone affected by sight loss can face the future with confidence.

We are here for anyone affected by sight loss. When you call our Helpline, we have a team of helpful experts who will point you to any support or services you need to continue living life to the full.

Reading is important to all of us. If you're struggling to read because of your sight, we've got plenty of solutions to help, whatever your tastes and reading preferences.

Our information, products and services support blind and partially sighted children and young people, their families and professionals across the UK. This includes children and young people with additional disabilities and complex needs.

Independent living tips for young people with vision impairment is available on <https://www.rnib.org.uk/insight-online/17-independent-living-tips-young-people-vision-impairment>
