

Childcare International - Au Pairs

[Back to results](#)

Welcome to the world of Childcare International, the specialist au pair agency for your childcare needs. Established in 1986, Childcare International is a British employment agency based in London.

Whether you are a host family looking for reliable help at home or a young person seeking a great experience working as an Au Pair, Mother's Help or Nanny in another country, contact us today to discuss your requirements.

The Au pair Programme is widely acknowledged as a "Cultural exchange" experience throughout many countries around the world. It provides young people with the opportunity of experiencing day-to-day life within a secure family setting on a truly personal basis in their country of choice.

For full information on the various categories, please view our pages on Au pair, Au pair plus, Mother's help, Nannies, Companions and Housekeepers, and Live-in couples. For the UK we have short and long-term stays available throughout the year.
