

Fatherhood Institute

[Back to results](#)

The **Fatherhood Institute** is one of the most respected fatherhood organisations in the world.

A registered UK charity (number 1075104), our work focuses on policy, research and practice.

Our vision is of a society in which there's **a great dad for every child** - a society that:

- gives all children a strong and positive relationship with their father and any father-figures
- supports both mothers and fathers as earners and carers, and
- prepares boys and girls for a future shared role in caring for children.

In working towards this vision we:

- collate, participate in and publicise research
- lobby for legal and policy changes
- help public services, employers and others become more father-inclusive, and
- work directly with families.
